

## *Pink Patch Project*

The Pink Patch Project was first launched in October 2015 by the Irwindale Police Department as a grassroots awareness project, which eventually blossomed close to 100 law enforcement agencies throughout California.

The Monterey County Peace Officers Association (MCPOA) has joined the efforts of other law enforcement agencies to bring breast cancer awareness to the forefront after their own Executive Director completed her battle with breast cancer in March 2017 for the second time in five years.

The Pink Patches will be available for sale on and after the MCPOA 47<sup>th</sup> Annual Golf Tournament for \$7.00.

Proceeds will be shared and donated to:

1. Breast Cancer Assistance Program of Monterey County (75%); and
2. American Cancer Society (25%)

MCPOA is a 501(c)(3)  
Tax ID #23-7295470.
